JAX, Inc. Supports Menomonee Falls Public Library Capital Campaign with $2,500 Donation

JAX, Inc. of Menomonee Falls has generously donated $2,500 to support the Menomonee Falls Public Library's 2026 Library Building Improvement Capital Campaign, helping advance plans to renovate and modernize the Library's first floor.

The Library's capital campaign seeks to raise $500,000 for improvements that will create a brighter, more welcoming, accessible, and secure environment for the community. Planned upgrades include new carpeting and paint, updated furnishings and signage, improved ADA accessibility, energy-efficient LED lighting, and enhancements to community spaces such as the Main Lobby, Reading Nook, Board Room, and Print & Copy Center. Renovations are scheduled to begin in November 2026. The Library has already raised over $100,000 towards the goal.

"JAX's donation shows that not only are they a leader in the global lubricant industry, but that JAX is a company that values local, homegrown connections," said Jacqueline Rammer, Library Director of the Menomonee Falls Public Library. "Community partnerships like this are invaluable, merging successful industry with the needs of people right here in the Falls."

The Menomonee Falls Public Library serves thousands of residents each year through collections, technology access, educational programming, makerspace opportunities, and community gathering spaces. The first-floor renovation project is part of a broader multi-year effort to modernize the Library and better meet evolving community needs.
